## **OLD BUSINESS**

Supervisor Latimer stated that he would like to discuss the possibility of opening up 3 short sections of roads to ATVs. They are all roads that connect with trail systems of other towns. They are the Keener Rd.(connects with Parishville), the Fifield Rd.(connects with Russell), and the Davis Rd.(connects with Clare). The Davis Rd. is qualified abandoned. All board members were in agreement of doing this, however, Attorney Charles Nash stated that we would need to pass a local law to do this. There will be a public hearing at next month's meeting (March 27<sup>th</sup>) at 7:00 PM. Highway Superintendent Shawn Spellacy will get the distance of each section of road to be opened to Mr. Nash so that he can draw up the local law.

### **COURTESY OF THE FLOOR**

Resident Mary Jane Smalling stood and stated that she and her brother own land next to Phillip Collins. Mr. Collins built a garage, but she believes did not follow the town's zoning laws. Since the building is over 500 square feet, it needed a site plan review, which Mr. Collins did not get. She also had a long list of complaints pertaining to Mr. Collins. She respectfully requests that the town follows the guidelines give by Judge Demerest concerning Mr. Collins' garage.

Supervisor Latimer stated that he could not comment other than to say that we hope to have a public hearing soon with the planning board.

Resident Scott Smalling stated that it seems like selective enforcement to him. He said that there are no checks and balances and that the town is not following its own code. He feels that they are getting sued because the town did not do its job.

Mr. Bill Mein stood and introduced himself as someone who was interested in being appointed as councilman. He stated that he was the 3<sup>rd</sup> highest vote getter at the November election and that 3 people have been appointed since then who did not even run.

Supervisor Latimer stated that our highway department usually picks up leaves in the spring and the fall in Hannawa Falls. In the past, people rake them to the roadside and the crew picks them up. We would like to require that people put the leaves in biodegradable bags to make it easier for the highway crew. Also, he asked if Mr. McCormick and Mr. Murray would look into setting the boundaries for pick-up. Mr. Murray suggested that maybe it would be easier to have a certain pick-up point that people could bring the leaves to themselves.

Highway Superintendent Shawn Spellacy said that it would be nice to advertise a certain week that pick-up would take place. Everyone agreed that it was a good idea.

**Motion** by John McIntosh, seconded by Dahl McCormick, all in favor, to adjourn.  
The meeting was adjourned at 8:36 PM.

Respectfully Submitted,  
Melanie J. Thomas  
Town Clerk
